REGISTRATION HOLDER / REGISTRASIE HOUER

AgraForum South Africa (Pty) Ltd | Reg. no: 2004/022326/07

P.O. Box 38910, Langenhoven Park, Bloemfontein, 9330 | www.agraforum-sa.com

Batch Number | Date of manufacturing
Lot Nommer | Datum van vervaardiging

GENERAL

- For optimum results apply AgraAlgen according to recommendations.
- Applied as foliar spray.
- Before using AgraAlgen, consult an agriculturalist or the manufacturer on the use and compatibility after use.

PRECAUTION

- Its misuse may cause damage to crops.
- Mild irritant to eyes. Wear protective clothing. In case of eye contact, wash with clean running water.
- Do not eat, drink, or smoke whilst mixing or applying.
- Store in a cool (below 24°C) and dry place. Product is hygroscopic, close container immediately after use.

DIRECTIONS FOR USE

- Premix the prescribed amount of AgraAlgen in water and mix thoroughly before application to spray tank. Ensure thorough mixing before and during application. For best results, do not let prepared mixture stand overnight. Apply to foliage in adequate spray volume to ensure good crop coverage.

APPLICATION RATES

Crop	Time of application	Dosage (g/ha)
Maize seed application	Before planting	20 mg/kg seed (dissolve in 10 ml water/kg seed)
Grain crops	3-5 leaf stage	250
Vegetables	3-5 leaf stage	250

WARNING

Although this product has been extensively tested under a large variety of conditions, the manufacturer does not warrant that it will be efficacious under all conditions because the action and effect thereof may be affected by factors such as abnormal soil, climatic and storage conditions, compatibility with other substances not indicated on the label as well as by the method, time and accuracy of application. The registration holder furthermore does not accept responsibility for damage to crops, vegetation, and the environment or harm to man or animal or for lack of performance of the product concerned due to failure of the user to follow label instructions or to the occurrence of conditions which could not have been foreseen in terms of the registration. Consult the supplier in the event of any uncertainty.
